Client Bank Accounts

We are able to open client bank accounts within 5 days to handle most currencies. We can then make your supplier and employee payments directly from these accounts and provide regular statements.

BACS Direct Debits / Direct Credits

We are a registered UK BACS Approved Bureau and can therefore collect Direct Debits on your behalf and also make Direct Credits to your suppliers and employees. Our specialist BACS-IP software ensures that we remain fully compliant with current legislation.

FOREIGN CURRENCY TRANSACTIONS

In 2016 Briars partnered with OFX to offer our clients optimal exchange rates by removing the middle man and ensuring that our clients paid only the actual management costs. You can use this service directly, or we can manage the payments for you.

By using this services our clients:

- pay only 1% charge (saving typically 3%)
- avoid excessive commission rates
- make transfers within 24hrs (instead of 3-4 days!)
- work directly with the currency dealers, if preferred

Here are some examples of how we can help you:

PeopleLogik

Our Global Secondment option will minimise, or in some circumstances eliminate, the creation of a corporate footprint ('taxable presence') in a new territory until you either wish to be there, or local rules dictate that you are!

PeopleLogik works in most countries and through this option we employ personnel and then second them to you. We remain fully liable as their employer and you reduce your operating requirements.

Throughout your time with PeopleLogik our specialist teams will monitor your use of this service to ensure that you remain compliant.
